Application Form to set up an OSG Youth Alliance Student Chapter

Please complete all sections of this form and expand the answer boxes as required. Once the Student Relations team at the OSG Youth Alliance receives your application, we will aim to contact you within two weeks to discuss the next steps.

The Proposed Student Chapter

Proposed Student Chapter Name (this will typically be a university, city or region. Example: XX University Chapter, Singapore):

What community of student does this chapter want to serve (e.g., geographical area, academic discipline, career interests)?

How many other individuals will be starting the chapter with you?

What current connections do you and other student interested in setting up the chapter currently have to the OSG Youth Alliance community of student? For example, are you already in touch with other student? Please offer details.

First Year Activity Plan

Please outline your immediate plans for the chapter and the activities you will undertake in the first six months after establishment.

As you embark on your first year of operation, it is important to establish a plan for the first six months of activity. It is critical for all chapter committee members to participate in the plan and assist in settling deadlines and milestones. For example, determine if the team will meet monthly, what will be accomplished at each meeting, what kind of program or events to be curated, how will the chapter build its membership and recruitment, etc.

Program Ideas:
- Inviting faculties alumni for various career-related or industry talks for current chapter members.
- Industry roundtable with faculties alumni, members, and current students
- Invite a guest speaker on a topic of interest to the students at your university. The type of program that could be used to raise funds for the chapter by charging admission.
- Education on business and social etiquette
- Presentation on industry trends.

*For more information, refer to our **"Resources for activities and events planning" (pdf)**

What challenges do you foresee in the chapter's first year? How do you plan to overcome these challenges?

Information about You

First Name:

Last Name:

Graduation Year(s):

Degree/s to be achieved

Phone Number:

Email Address:

Full postal address including relevant country details:

Your role in the chapter:

Your Background Experience

Please tell us about any relevant experience you have which will help you run a chapter. For example, do you have any volunteer management, event planning (or "running events") and social media/websites/email communication tools experience?

Information about Your Team

Team Member 1
